

Mystic Project Partners:

We have condensed the Mystic Project relicensing meeting(s) into a single day on October 21, 2003. This full day meeting will be held at the Sheraton Hotel in Billings, Montana.

Resource Group (RG) meetings described in agenda below will be primarily technical and allow PPL Montana and resource agency professionals to discuss key issues, scoping, study needs and protection, mitigation and enhancement (PM&E) measures. PPL Montana would like to address continuing impacts from operation of the Mystic Project as well as potential enhancements that could be implemented on an accelerated schedule (i.e. as early as 2004).

**Everyone should come prepared to describe:**

- 1) resource goals for the Mystic Project area
- 2) anticipated Project impacts to resources
- 3) possible study needs, and
- 4) impact-related PM&E goals for Mystic Project resources.

**October 21 Agenda**
